**By Peter J. Spiro : Beyond Citizenship: American Identity After Globalization** global citizenship is the rights responsibilities and duties that come with being a member of the global entity as a citizen of a particular nation or place jstor is a digital library of academic journals books and primary sources Beyond Citizenship: American Identity

After Globalization:

0 of 0 review helpful The book provides a great overview of the concept of citizenship and the history By Baboo The book provides a great overview of the concept of citizenship and the history of citizenship law in the U S The book thoroughly explores the implications of liberalizing the citizenship paradigm I wish its conclusions were more positive it does not offer specific solutions for policymakers to take because American identity has always been capacious as a concept but narrow in its application Citizenship has mostly been about being here either through birth or residence The territorial premises for citizenship have worked to resolve the peculiar challenges of American identity But globalization is detaching identity from location What used to define American was rooted in American space Now one can be anywhere and be an American politically or culturally Against tha This is a major contribution to the issue of political membership in our unsettled world Its distinctiveness is a mix of precision and the shattering of traditional conceptual boundaries which allows Spiro to open up new analytical terrain in a subject mor
