By Alexander Betts, Louise Bloom, Josiah Kaplan, Naohiko Omata : Refugee Economies: Forced Displacement and Development key regional indicators of achievements in the 3rp regional refugee and resilience plan friday 9 june 945 am 11 am plenary innovation and migration biometrics cognitive computing social networks session

moderated by hannah darnton Refugee Economies: Forced Displacement and Development:

Refugees have rarely been studied by economists Despite some pioneering research on the economic lives of refugees there remains a lack of theory and empirical data through which to understand and build upon refugees own engagement with markets Yet understanding these economic systems may hold the key to rethinking our entire approach to refugee assistance If we can improve our knowledge of the resource allocation systems that shape refugees lives and opportunit About the Author Alexander Betts is Professor of Forced Migration and International Affairs and Director of the Refugee Studies Centre at the University of Oxford His research focuses on the politics and economics of refugees His books includ
