9 of 9 review helpful When theory and practice counts By Jose M Carnot Remus This textbook provides to those interested in setting up museum exhibitions a proper procedure to manage and develop such activities Each chapter

will take you to different phases required in the process to present a museum exhibition Appendix 2 Exhibition Request Form and Appendix 3 Checklist for Exhibition Development I found of great value Museum Exhibition is the only textbook of its kind to consider exhibition development using both theory and practice in an integrated approach This comprehensive study covers care of exhibits writing accompanying text using new technology exhibition evaluation administration and content for a wide range of collections It provides a complete outline for all those concerned with providing displays in museums and other cultural heritage contexts This is an ambitious undertaking for a single volume but it does meet a need for a good overview of all of the issues affecting the creation of exhibitions and displays Tak Tent Scottish Museums Council
