European The Politics of Citizenship in Europe:

1 of 1 review helpful Great Resource for Third Country Nationals in the EU By Customer As a third country national living in the EU I found Howard's book fascinating. It provided some much appreciated context around citizenship in EU countries, the history, the politics, and how the requirements have changed over time, often for reasons that I found rather startling. The book is well organized with a good overview of c In this book Marc Morje Howard addresses immigrant integration, one of the most critical challenges facing European countries today, the resolution of which will in large part depend on how foreigners can become citizens. Howard's research shows that despite remarkable convergence in their economic, judicial, and social policies, the countries of the European Union still maintain very different definitions of citizenship. Based on an innovative measure of national Rules concerning citizenship, particularly for immigrants from countries outside Europe, vary extraordinarily. Howard sets out to explain these striking differences, finding that colonialism, despite its manifest cruelty and inequality, had the ironic consequence
