Regulating International Labor Migration:

0 of 0 review helpful Regulating international labor migration By Customer The central argument of Ruhs carefully researched and argued work is that there can be a tension between promoting more international labor migration and more rights for migrant workers This has proved a controversial issue especially with international organizations such as ILO and the World Bank that have tended to ignore the social costs that Many low income countries and development organizations are calling for greater liberalization of labor immigration policies in high income countries At the same time human rights organizations and migrant rights advocates demand more equal rights for migrant workers The Price of Rights shows why you cannot always have both Examining labor immigration policies in over forty countries as well as policy drivers in major migrant receiving and migra Winner of the 2014 Best Book Award Migration and Citizenship Section of the American Political Science Association To what extent should countries encourage immigration What rights should be conferred on immigrants especially temporary on
