2 of 2 review helpful Great book to introduce children to the hardships of immigration By crickets My 10 year old grandson was doing a project in school and I purchased this book especially because it had tons of pictures of immigrants coming into the United States through Ellis Island The fact that the book is dedicated to children made it incredibly easy for him to relate to He asked questions which I had to research Burdened with bundles and baskets a million or more immigrant children passed through the often grim halls of Ellis Island Having left behind their homes in Europe and other parts of the world they made the voyage to America by steamer Some came with parents or guardians A few came as stowaways But however they traveled they found themselves a part of one of the grandest waves of human migration that the world has ever known Children of Ellis Island explores this About the Author Author Barry Moreno is employed at Ellis Island and has written two other books in the Images of America series Ellis Island and The Statue of Liberty as well as the Encyclopedia of Ellis Island and Italian Americans
