## By Yuiko Fujita : Cultural Migrants from Japan: Youth, Media, and Migration in New York and London

acculturation is the process of social psychological and cultural change that stems from blending between cultures the effects of acculturation can be seen at promoting humane and orderly policies in the movement of persons across borders supports migrant health protections assisted returns counter trafficking and Cultural Migrants from Japan: Youth, Media, and Migration in New York and London:

In recent years a large number of young Japanese have been migrating to New York and London for the purpose of engaging in cultural production in areas such as dance fashion DJing film and pop arts in the hope of making it as artists In the past this kind of cultural migration was restricted to relatively small elite groups such as American artists in Paris in the 1920 s but Cultural Migrants from Japan looks at the phenomenon of tens of thousands of o This elegantly constructed and methodologically innovative ethnography which looks at the experiences of young Japanese transient migrants in New York and London comes up with some surprising conclusions Not least among these is that one of the main effects o
