By Will Bagley : South Pass: Gateway to a Continent nestled between the caribbean the south pacific and the south atlantic oceans south america is the wilder of the americas and a continent of superlatives glacier national park a park so naturally beautiful it is known as the crown jewel of the continent glacier was established largely through the influence South Pass: Gateway to a Continent:

3 of 3 review helpful Needs maps very badly By Hugh T Harrington If ever a book called out for maps this is it Technically it does have maps but they re 100 years old and so reduced in size that even with a magnifying glass they can t be used They re mere decoration Yet on every page there are places named roads trails landmarks towns etc and the poor reader doesn t know where they are or how they relate g Wallace Stegner called South Pass ldquo one of the most deceptive and impressive places in the West rdquo Nowhere can travelers cross the Rockies so easily as through this high treeless valley in Wyoming immediately south of the Wind River Mountains South Pass has received much attention in lore and memory but attracted no serious book length study mdash until now In this narrative award winning author Will Bagley explains the significance of South Pass to About the Author Will Bagley is an independent historian who has written about overland emigration frontier violence railroads mining and the Mormons Bagley has published extensively over the years and is the author and editor of many books art
