From Brand: University Press of Florida : Rethinking Anthropological Perspectives on Migration a peer reviewed international journal that bridges the gap between research and practice in information design anthropology

offers the opportunity to study human existence in the present and the past and to explore how and why humans vary in their behaviors cultures and biology Rethinking Anthropological Perspectives on Migration:

Cabana and Clark have chosen to base their research into migration on careful study of how real people actually behave over time and space We are well served by this rugged empiricism and by the multidisciplinary breadth of their approach Dean R Snow Pennsylvania State University A thorough survey of the ways in which anthropologists across the four subfields have defined and analyzed human migration John H Relethford author of Reflections o From the Author nbsp nbsp nbsp The primary goal of this volume is to break down subdisciplinary boundaries within anthropology in migration research This aspiration extends well beyond migration research We would not be the first to voice concern th
