By John Hultgren : Border Walls Gone Green: Nature and Anti-immigrant Politics in America the kremlin and the trump white house continue to negotiate and trade barbs through the media where each is trying to spin the

narrative in its favor as only two trumps solar powered border wall is more than a troll theres a serious policy there and it points to a longer history of overlap between environmental and anti Border Walls Gone Green: Nature and Anti-immigrant Politics in America:

How is it that self identified environmental progressives in America can oppose liberalizing immigration policies Environmentalism is generally assumed to be a commitment of the political left and restrictionism a commitment of the right As John Hultgren shows the reality is significantly more complicated American environmentalists have supported immigration restrictions since the movement first began in the late 1800s and anti immigration arguments continue Strong provocative and insightful John Hultgren advances the field theoretically through his critique and integration of competing perspectives on sovereignty in environmental politics mdash John M Meyer author of Engaging the Everyday En
