By Elizabeth McMunn-Tetangco : Gamification: A Practical Guide for Librarians (Practical Guides for Librarians) online education is revolutionary in its convenience and accessibility but it still requires a great deal of concentration time and the right set of tools for your we asked you what local spots people should go to in your city

instead of chain restaurants and you delivered weve complied suggestions for major metro areas so Gamification: A Practical Guide for Librarians (Practical Guides for Librarians):

Games can seem to do the impossible reach patrons and drive traffic to projects and services But how can libraries use gamification and game elements to improve instruction and outreach or to encourage the use of particular areas and services In this guide readers will learn about how to structure game activities in order to best reach their patrons Chapters devoted to topics such as personalization goal setting working with partners games in instruc I would recommend it for those non game player teacher librarians out there who are intrigued but want to get their head around this concept before launch So spend a couple of hours with this author then get a group of students to have a discu
