Sourcebooks):

1 of 1 review helpful Good Introduction to ILI Concepts By E Linsky This book is probably one of the most useful textbooks that I have used so far as an LIS student It is very readable and avoids a lot of the irritating jargon found in many similar books The content is explained thoroughly and completely and it provides a great overview of ILI The content integrates enough of educational theory without going so far Leaders in the field of information literacy Esther S Grassian and Joan R Kaplowitz have revised expanded and updated their comprehensive guide to the theory and practice of library instruction This second edition covers all aspects and modes of information literacy instruction including history and psychology as well as how to create and design teaching materials how to use new technology to support pedagogy and how to utilize new developments in the field sin From Booklist In 2001 Grassian and Kaplowitz published the first edition of their popular guide Information Literacy Instruction Theory and Practice Like its predecessor this new edition is designed for anyone
