From Brand: Information Today Inc : Theories of Information Behavior (Asist Monograph) Theories of Information Behavior (Asist Monograph):

3 of 3 review helpful A solid overview of theories of information behavior By L N I read about a third of this book for my Intro to Information Behavior class in my MLIS program Although the sheer number of theories paradigms whatevers was overwhelming at first and the information in the introductory chapters was debatable and at times clear as mud I quickly came to appreciate this book Each of the 70 chap This unique book presents authoritative overviews of more than 70 conceptual frameworks for understanding how people seek manage share and use information in different contexts A practical and readable reference to both well established and newly proposed theories of information behavior the book includes contributions from 85 scholars from 10 countries Each theory description covers origins propositions methodological implications usage links to related concep
