1 of 1 review helpful A MUST SEE MOVIE By J Feitler You should read the book with the same title that served as a source for this movie Both recall the experiences of several distant relatives and friends They have also recommended this movie as very worthwhile viewing matter But it is not easy watching and may leave a viewer very upset what these folks suffered after their arrival in the UK They were For nine months before the outbreak of World War II Britain conducted an extraordinary rescue mission It opened its doors to over 10 000 endangered children 90 percent of them Jewish from Germany Austria and Czechoslovakia These children were taken into foster homes and hostels in Britain expecting eventually to be reunited with their parents Most of the children never saw their families again Into the Arms of Strangers recounts the remarkable story Between December 1938 and the outbreak of war in August 1939 some 10 000 children the vast majority of them Jews from Germany Austria Poland and Czechoslovakia were evacuated to Great Britain The stories of 18 witnesses to this Kindertransport
