From Brand: Libraries Unlimited : Currents of Archival Thinking peter jennings abc news archival audio we interrupt your regular program for quite an extraordinary moment in the history of the united states provenance from the french provenir quot;to come fromquot; is the chronology of the ownership custody or location of a historical

object the term was originally mostly Currents of Archival Thinking:

Currents of Archival Thinking explores key topics in the theory and practice of archival studies within three frameworks 1 the foundational concepts of the discipline 2 the main components of the archival mission and 3 the metaphors that shape how we think about archives and archival institutions Each essay will explore a given topic from both a historical and contemporary perspective with contributors drawn from Europe Australia Canada and the United States This book is definitely a worthwhile addition to the archival bookshelf and contains much of interest and value to archival academics and students The Australian Library Journal About the Author
